

REMARKS

Claims 1-4, 6-10, and 12-21 are pending. The claims have not been further amended and are provided here to complete the record. This paper is filed for purposes of responding to the issue raised in the Advisory Action in regard to the previously submitted Terminal Disclaimer. Applicant herewith submits a new Power of Attorney listing a customer number to eliminate the objection raised to the previously submitted document. A new Terminal Disclaimer is attached here for completeness, which Applicant believes should obviate the double patenting rejection and place this case in condition for allowance.

CONCLUSION

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to withdraw the outstanding rejection of the claims and to pass this application to issue. If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 350292000402. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
